Enjoy the Journey All Week Long

NICE Mandarin Playgroup is much more than a weekly class. The Mandarin Playgroup education pack received allows children to continue their language listening exposure throughout the week. While we plant the seeds of learning through songs and activities in the classroom, you will use the Mandarin Playgroup education pack at home to cultivate lifelong learning.

Family involvement in your child's learning is a fundamental cornerstone of NICE Learning philosophy because we believe the parent is the child's most important teacher and the home is the most important place for a child's learning to take root and grow. After all, there's no better way to nurture your child's development - and you'll love doing it together - every day!
